RE: Dave Goldstein

To Whom It May Concern:

It is my pleasure to recommend Dave Goldstein. Dave provided entertainment for the closing function of our annual United Jewish Appeal campaign. His brand of comedy was completely suitable to our audience of 40+ year olds, particularly, his astute observations about our city and province. Personalizing his show added to the overall experience of the evening.

Working with Dave was one of the more pleasurable experiences I've had due to his professionalism as well as his diligence in providing me with information I required. Dave was also most amenable to making sure that the subject of his material was suitable to our audience.

Without hesitation, I would recommend Dave to other communities.

Should you have any further questions, please do not hesitate to contact me personally.
